Schermerhorn Real Estate Holdings, LLC, owner of Tax Map 154.11-6-7 commonly known as vacant land on the corner of Burgoyne Avenue and Martindale Avenue located in a Commercial Zoning District, is seeking site plan approval for the construction of 19 outdoor self-storage buildings at this location. Plans for this proposal are available at Kingsbury Town Hall, 6 Michigan Street, Hudson Falls, New York during regular business hours.

Mr. Joe Dannible stated that the most recent version of their project plans has been signed off by the Town Engineer and a variance of twenty buildings on the site has been approved by the Zoning Board of Appeals.

He stated that the NYS DEC requires ground water to be a minimum of three feet from the bottom of the infiltration base and they have complied with the Town Engineer's concern of ground water mounded conditions by increasing the separation to five and a half feet above seasonal high ground water.

Mr. Dannible also stated that the screen fencing consisted of vinyl opaque material and the majority of the fence will be on the backside of the trees and agreed to inspection should supplemental plantings be required upon completion of the project.

He noted downcast lighting throughout the project, access to the storage facility is by key code and cameras will also be installed.

There being no other questions or comments, Chairman Dingman closed the public hearing at 7:18.

ON A MOTION BY Tim LaSarso and Seconded by Karen LaRose with all voting in favor, it was determined that there are no significant adverse environmental impacts anticipated after having reviewed the SEQRA and Long Form Environmental Impact Assessment Form
